## COUNCILLOR DIVISION 2

If re-elected as your Division 2 Councillor, I will:

Seek formal resolution and support from the new Council to deliver a wholistic **and strategic Cleveland town centre revitalisation plan**. I will call for a dedicated budget, clear timelines, and clear responsibilities in the ongoing revitalisation of our town centre.

Continue the hard work **fighting for the fair delivery of various infrastructure** from all three levels of government.

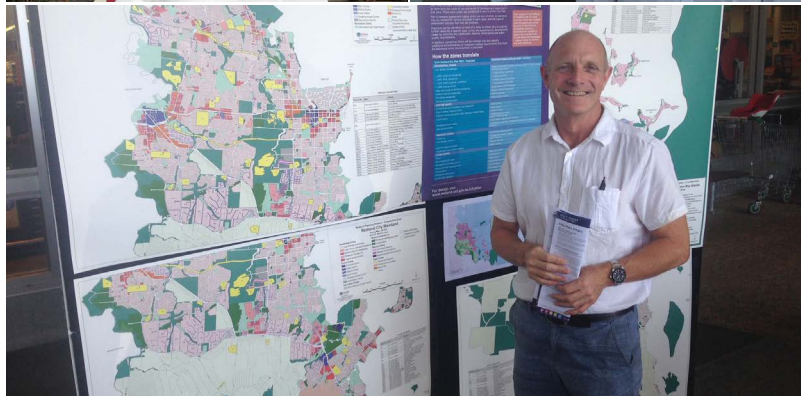

Continue to promote an increased Council focus on the **sustainable economic development** of Redlands in partnership with government, business, and residents.

Advocate to Council, State, and Federal governments to **strategically fund and support the whole NSI community** as it continues to transition from mining. Importantly, the current State Government should fully fund and implement it's own Economic Transition Strategy - Minjerribah Futures.

Continue to make as much **information as possible freely available**, and maintain regular face to face mobile offices in the community.

Support ongoing improvement and effort by Council to be seen as an ever **more trusted and transparent** community service organisation.

**“Get on with the job as expected”** and encourage wise, informed and timely decisions by Council and fellow elected members with **minimal delay and plain English explanations**.
